

"Your Pathway to Asthma Control" PACNJ approved Plan available at www.pacnj.org

# **Asthma Treatment Plan Patient/Parent Instructions**

The **PACNJ Asthma Treatment Plan** is designed to help everyone understand the steps necessary for the individual patient to achieve the goal of controlled asthma.

- 1. Patients/Parents/Guardians: Before taking this form to your Health Care Provider:
  - Complete the top left section with:
    - Patient's name
    - · Patient's date of birth
    - Patient's doctor's name & phone number
- Parent/Guardian's name & phone number
- An Emergency Contact person's name & phone number

#### 2. Your Health Care Provider will:

Complete the following areas:

- The effective date of this plan
- The medicine information for the Healthy, Caution and Emergency sections
- Your Health Care Provider will check the box next to the medication and check how much and how often to take it
- Your Health Care Provider may check "OTHER" and:
  - Write in asthma medications not listed on the form
  - \* Write in additional medications that will control your asthma
  - ❖ Write in generic medications in place of the name brand on the form
- Together you and your Health Care Provider will decide what asthma treatment is best for you or your child to follow.

### 3. Patients/Parents/Guardians & Health Care Providers together:

Discuss and then complete the following areas:

- Patient's peak flow range in the Healthy, Caution and Emergency sections on the left side of the form
- Patient's asthma triggers on the right side of the form
- For Minors Only section at the bottom of the form: Discuss your child's ability to self-administer the inhaled medications, check the appropriate box, and then both you and your Health Care Provider must sign and date the form
- **4. Parents/Guardians:** After completing the form with your Health Care Provider:
  - Make copies of the Asthma Treatment Plan and give the signed original to your child's school nurse or child care provider
  - Keep a copy easily available at home to help manage your child's asthma
  - Give copies of the Asthma Treatment Plan to everyone who provides care for your child, for example: babysitters, before/after school program staff, coaches, scout leaders

# This Asthma Treatment Plan is meant to assist, not replace, the clinical decision-making required to meet individual patient needs. Not all asthma medications are listed and the generic names are not listed.
