August 13, 2021

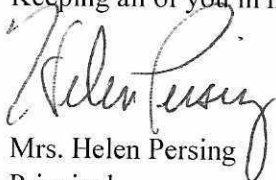

Dear School Families:

Welcome to the 2021-2022 school year! We are excited about the opportunity to serve your children. Students worked very hard and made outstanding progress with our dedicated faculty and during last school year. The daily activities and interactions between students and staff were amazing. I was impressed each day with their tremendous effort.

As we return to school at St. John Paul II, we recognize that all are excited to get back to “the way it used to be”; however, we're going to do it in a safe, responsible manner that protects the health and safety of our St. John Paul II community. Student health and safety is St. John Paul II is our number one priority. We remain committed to supporting your student’s learning, as well as their safety. It will take all of us working together to make this school year a success. School will happen this year, and everyone at St. John Paul II will be working as one to ensure students are learning.

Our partnership with our families is more important than ever. Please wear your masks, practice social distancing, and most importantly, listen to our public health officials. If we all do this, we will have created an environment that will allow children to come to school safely. Finally, read our School Plan which is attached. As always if you have any questions, please feel free to contact me. We value your partnership and look forward to a wonderful year together.

Keeping all of you in my prayers,

  
Mrs. Helen Persing  
Principal
